

After 8's – Twelve of us assembled at 6.45 p.m. on 15th May in the Car Park at Golden Acre Park for our annual walk.

After a sunny warm day, we had hopes of a dry warm evening for our walk. The weather was kind and we enjoyed looking at the plants and strolling around the Park. It is a good place to visit. The Lake had plenty of different species of duck swimming along with their ducklings. A large bird which I was told was a Muscovy Duck followed us along the path for quite a while. This was probably because Cynthia had some bird food with her!

It was good to be out in the fresh air with friends and enjoy the chats and laughs. A good After 8's evening. Thank you to Sheila Ryan for arranging the visit.
